

Powerful One Week Certificate Workshop

Win Your Dream Job

One week hands-on practice and personalized assessment to polish you for great career.

Win Your Dream Job - especially in challenging & competitive times

About The Workshop

Times have changed. Indian market has lost 11.9 crore (11,90,00,000) jobs from last week of March 2020 to first week of June 2020 just in ~3 months. You as student or fresher, now, have to face tough competition to get your dream job. How can you stand out from the crowd? How can you convince employers that you are the right candidate for the job? How can you best present yourself to the employers? How can you get salary you desire? Learn these **useful-for-lifetime** skills.

There are large number of job opportunities still out there waiting for you to reach out to them. Companies still want to hire and grow, however they are now cost conscious and want to spend (invest) on the right resources. So how can You make yourself a desirable candidate for them?
